EXPERIENCE

Full Stack Developer

Jun 2025 – Present

Vega6 Webware Technologies Pvt. Ltd.

- Developed and deployed full-stack applications including AI-integrated accounting systems, ETL pipelines and SaaS platforms for multiple clients, using Node.js, Python, React, MySQL. Managed server deployments using Docker, Linux.

Full Stack Developer Trainee

Mar 2025 – Jun 2025

DAM Studioz

- Developed frontend and backend features using React, Node.js, MongoDB.

Software Developer Trainee

Jan 2024 – Nov 2024

Vaidhya Megha Pvt. Ltd. (Samyama.ai)

- Built and optimized BI-Migrator, a full-stack application using Python, React; deployed via Docker on AWS, integrated other AWS services (S3, DynamoDB, Lambda, Amplify) and created dashboards using Tableau, Power BI

Software Developer Intern

Oct 2023 – Jan 2024

Nijomee Technologies Pvt. Ltd.

- Worked on backend development with Python and PostgreSQL.

SKILLS

Backend & Frontend: Python, Node.js, FastAPI, Express, React, JavaScript, Flask, TypeScript, Next.js, Tailwind CSS, Bootstrap, HTML, RESTful API, Postman, OOP, Agile/Scrum, Git

AI & Data: GenAI, LLM, LangChain, LangGraph, RAG, Prompt Engineering, AI Agents, Web Scraping (BeautifulSoup, Selenium, Playwright), Vector Databases (ChromaDB), Pandas, Cursor, Claude Code, ETL

Cloud, DevOps & Databases: AWS (S3, Lambda, EC2, CloudWatch, DynamoDB), MySQL, PostgreSQL, MongoDB, Docker, cPanel, Linux, CI/CD

PROJECTS

Purchase Order Management System (IJCP)

2026

- A full-stack web app with AI-powered invoice parsing that auto-fills billing details from uploaded files; implements role-based access control and manages purchase orders, budgets, per-PO billing (FastAPI, React, MySQL, Docker)

Gurukool Hub (Novartis)

2025

- Developed Gurukool Hub, a SaaS platform, where admins assign cases, track progress via a dashboard, and audit work using master login, while users securely fill out forms with auto-saving functionality (Node, React, MySQL)

AutoHunter AI — AI Car Price Comparison Agent

2026

- Built a multi-step AI agent that scrapes and ranks live car prices across multiple sites from natural-language queries (FastAPI, LangGraph, Langchain, Playwright, React, Docker)

EDUCATION

MCA, Artificial Intelligence and Machine Learning

Jun 2024 – Jun 2026

Amity University Online, Noida

MSc, Biotechnology

Sep 2021 – Sep 2023

Thapar Institute of Engineering & Technology, Patiala

CERTIFICATIONS

- Getting started with NodeJS - Simplilearn
- Basics of SQL - HackerRank
- Introduction to Python - GUVI, IITM
